

PRESS RELEASE

AMADA WELD TECH TO BECOME BATTERY EXPERTS FORUM'S PLATINUM SPONSOR

Karlstein am Main, Germany, March 30th, 2023 – The 18th Battery Experts Forum, taking place November 7th – 9th, 2023 in Darmstadt, Germany, is excited to announce AMADA WELD TECH as its Platinum Sponsor.

Welding is a key process in battery production and can be a bottleneck in the overall production process. When it comes to the automation of battery production high-tech welding equipment is crucial. This makes AMADA WELD TECH, a world renowned manufacturer of sophisticated automated welding equipment, an utmost important and fascinating exhibitor for the whole battery community. Thus the Battery Experts Forum's team is thrilled to introduce AMADA WELD TECH as the event's Platinum Sponsor.

Matthias Girlich, Battery Experts Forum's Project Leader states: "We are delighted to present AMADA WELD TECH as our Platinum Sponsor. We truly believe in the companies high relevance to the whole battery sector which makes it a perfect fit for this utmost prominent role within our attractive networking platform."

As the event's Platinum Sponsor AMADA WELD TECH will enjoy a bunch of premium benefits and will be present with a huge booth directly in the center of Battery Experts Forum presenting its superior technology to the global battery community. Furthermore AMADA WELD TECH will be giving a scientific lecture within the conference program to share its extensive expertise.

Dave Fawcett – CEO of AMADA WELD TECH's European and American operations adds: "We look forward to be back at Battery Experts Forum which brings together the entire battery supply chain and we highly appreciate as experts networking platform of outstanding quality."

The Battery Experts Forum is well known as networking platform for all battery technology topics. The core of the international event is its scientific conference on expert level. The conference is embedded into an extraordinary exhibition showcasing the latest news for all parts of battery production's value chain and electrification success stories. It attracts the international industry. Battery Experts Forum expects to welcome once again more than 5,000 industry specialists like R&D Decision Makers, Managing Directors, Strategic Buyers and many more.

Companies which would like to apply for one of Battery Experts Forum's additional sponsorship opportunities find an overview of options here: <https://www.battery-experts-forum.com/index.php/en/sponsoring>.

Further information on the Battery Experts Forum is available at <https://www.battery-experts-forum.com/index.php/en/>.

About Battery Experts Forum:

The Battery Experts Forum is one of the world's largest exhibitions around battery technology. Sponsors and exhibitors who are among the most important companies in the entire value chain of a battery are part of the international exhibition. In addition to cell and battery manufacturers, you will find suppliers of components and services as well as OEMs. Design, production and manufacturing solutions as well as complete battery systems, materials and components but also test procedures and recycling processes will be exhibited. The focus of the event is placed on the associated conference with the highest scientific standards. Here, over 100 leading users, developers and researchers from international companies and institutes, as well as opinion leaders, will speak about the latest industry trends over the three days of the event.

About AMADA WELD TECH:

AMADA WELD TECH is a leading manufacturer of equipment and systems for Laser Welding, Laser Marking, Laser Cutting, Resistance Welding, Hermetic Sealing and Hot Bar Reflow Soldering & Bonding. The company designs and manufactures industry-leading product families for the global market and customizes its products around specific micro-joining applications for their customers. AMADA WELD TECH product markets include medical devices, battery, automotive, solar industry, electronic components and aerospace. AMADA WELD TECH Europe is headquartered in Germany and has additional production facilities in The Netherlands and UK, as well as sales offices in France, Hungary and Italy. And is part of the worldwide AMADA Group, with around 8,500 employees worldwide. Learn more: <http://www.amadaweldtech.eu>
